

TOWN OF HOPKINTON, NEW HAMPSHIRE

OVERNIGHT PARKING PROVISIONS IN PUBLIC PARKING FACILITIES

POLICY NO. 23

At Town Meeting 2002, the Hopkinton voters approved, thereby endorsing, a zoning amendment to allow for use of public parking as supplementation to the parking requirements as cited in Section 6 of the Town's Zoning Ordinance for commercial and multi-family properties within the commercial vicinity of Contoocook Village.

In order to facilitate voter approval, the Board of Selectmen adopts the following annual policy relative to use of public parking facilities.

POLICY

- Provision is made to designate certain area(s) within the Cedar Street facility for overnight parking – see enclosed map.
- Provision is made to designate certain area(s) within the Municipal facility abutting the Depot Property located off Main Street for overnight parking – see enclosed map.

This policy does not extend or imply approval for overnight habitation of any vehicle. It is still the policy of the Board of Selectmen to prohibit overnight sleeping in a parked vehicle or recreation vehicle. In order to facilitate snow plowing, and sanding following a winter storm, the vehicle must be removed by 10:00 a.m. of the following day to allow Highway crews access to the designated area.

APPROVED: 5/29/2002

Peter M. Russell
Celeste A. Hemingson
Donald K. Lane
Board of Selectmen
